

Strike Called For Tuesday By Railway Switchmen

Wife To Leave Munising Man Freed As Killer

AMARILLO, Tex.—(AP)—Even though her husband was acquitted on a murder charge, Diana Johnson says she won't live with him anymore.

"My mother doesn't want me to," said the shapely, 18-year-old blonde. But she added that she still loves her husband, red-haired Evald Johnson of Munising, Mich.

A Texas jury acquitted him Tuesday of the tourist cabin slaying of W. A. (Tex) Thornton, famed oil field explosives expert. The Johnsons still await federal trial on charges of driving a stolen car across a state line and of fleeing a state to avoid prosecution.

Mrs. Johnson, against whom murder charges were dropped in the Thornton slaying, pleaded innocent when arraigned on the auto theft count last week. Johnson has still to be arraigned.

During Johnson's trial, Diana's mother, Mrs. R. W. Heaney of Lynwood, Calif., testified that Evald "saw nothing wrong" with his wife's supporting him by prostitution.

Thornton's brutally beaten body was found in a tourist cabin he had shared with the Johnsons. Johnson claimed he beat the older man in self defense in a fight after finding him in bed with Diana.

Groggy Senate Okays Budget At 4:30 A. M.; House Battles Today

By JACK I. GREEN

LANSING—(AP)—A grey-faced, groggy Senate passed the Republican \$27,000,000 "economy" state budget bill at 4:30 a. m. today after breaking a 12-hour Democratic filibuster, Michigan's first in 17 years.

But the GOP had to change the rules in the middle of the game to win within the deadline set by party leaders.

They would have won eventually, anyway, but it might have taken a month.

At the end, after 18 hours of almost continuous meeting the budget bill was passed unanimously. The Democrats accepted the Republican measure rather than let state government go without funds.

The GOP rushed the bill to the House at daybreak where ways and means committees hoped to have it on the House floor for the start of a second marathon this afternoon.

A more powerful bloc of 39 Democrats in the House promised an even tougher fight than the Senate witnessed.

The bill is \$15,000,000 under current operating expenses and \$73,000,000 less than Governor Williams recommended. It still will leave the state \$20,000,000 or more in the red next year.

A disciplined little minority of nine Democrats in the Senate tied the 23-man Republican majority in knots for 12 hours in an attempt to delay final passage of the bill until next week. The Williams administration reportedly hopes to stall the measure until pressure groups can try to crack the Republican economy drive.

The Republicans opened debate on the Budget bill shortly after 2 p. m. yesterday. Two and a half hours later they got out the gag,

but it took until 3:55 a. m. this morning to force it into the Democrats' locked teeth.

The minority forced 88 roll calls and had 261 amendments on file during the bitter budget attack. Republicans said 30 days would have been needed to act on all the amendments.

Yard Workers Push Drive For 40-Hour Week

Walkout Threatens 10 Midwest Lines

CHICAGO—(AP)—Ten midwestern and western railroads were threatened today with a strike Tuesday morning by 6,000 switchmen.

The walkout was called last night by the AFL Switchmen's Union of North America in a wage dispute.

It came less than 48 hours after settlement of the crippling six-day firemen's strike against five of the nation's carriers. The threatened walkout is not directed against any of the recently struck lines.

Missed By 1949 Order

Union President Arthur J. Glover said in Washington the strike was set to enforce demands for 48 hours pay for a 40-hour workweek. The union, one of the five operating brotherhoods, was not affected by the 1949 decision by presidential emergency boards giving the 40-hour work week to non-operating workers.

The strike action, Glover said, will be directed against the Chicago Great Western; Chicago, Rock Island and Pacific; Davenport, Rock Island and Northwestern; Denver and Rio Grande Western; Great Northern; Minneapolis and St. Louis; Northern Pacific Terminal Company of Oregon; St. Paul Union Depot Company; Sioux City Terminal Railroad Company, and Western Pacific Railroad company. The strike deadline was announced as 6 a. m. local time.

A spokesman for the Association of Western Railways said switch tenders, yard foremen, yard brakemen and helpers would be affected by the strike. The union, he said, represents about 10 per cent of the men doing this class of work on the nation's carriers. The others—some 90,000—are members of the Brotherhood of Railroad Trainmen.

All mediation machinery under the national (railway) labor act has been exhausted, Glover said, and the union was free to call a strike.

However, a presidential fact-finding board in a report to President Truman on April 19 had suggested the switchmen's case would be passed upon after hearing similar cases by two other operating unions, the Trainmen and the Order of Railroad Conductors.

The board has been holding hearings here for two months and

Bike Accident Kills Iron Mountain Boy, 8

IRON MOUNTAIN, Mich.—Robert Johnson, eight-year-old son of Mr. and Mrs. Magnus Johnson of Iron Mountain, died this morning at General Hospital of injuries sustained last night in a bicycle-automobile accident.

The Johnson child, who was riding his cycle on Detroit avenue, collided with a car driven by Charles Hansen of Kingsford.

No Grape Festival

PAW PAW—(AP)—There won't be any Paw Paw grape festival this year. The Chamber of Commerce voted Wednesday to abandon the 30-year-old annual event. It said no suitable site was available and that there had been serious traffic congestion during the festivals.

The long range plan for the playground, approved by the city recreation board, is pictured above. A wading pool will be installed this summer, necessitating a change in the

baseball diamond location. Eventually the area will include tennis courts, outside basketball court, shuffleboard courts, horseshoe pitching courts, etc., sand box for tiny tots, and a shelter building. A similar project has been outlined for Royce Park, on the southside.

Armed Wardens Bill Is Limited

LANSING—(AP)—A bill to restore lost powers to conservation officers passed the House yesterday 76 to 5, but a time limit was attached to it.

Sponsors, in order to get the necessary two-thirds vote for immediate effect, had to permit passage of an amendment which provides that the bill automatically expires Oct. 1, 1951, unless the 1951 legislature extends it.

Otherwise, the bill was identical to the version which passed the Senate two weeks ago. The measure now goes to the Senate for consideration of the lone amendment.

The bill gives conservation officers all the powers of peace officers, including the right to carry arms. It permits them to make searches except of dwellings if they believe a conservation law has been violated. It provides stiff penalties for interfering with a conservation officer carrying out his duties.

Families Of Missing Jap War Prisoners Charge Russian Deceit

TOKYO—(AP)—The families of 10,000 Japanese prisoners still missing in Russia have decided to camp on the doorstep of the Soviet embassy until they find out what happened to the prisoners.

The sit-down demonstration is scheduled for June 12 after a meeting in a park by relatives of the estimated 371,000 Japanese prisoners of war still unaccounted for by the Russians.

A vacant lot next to the embassy will be utilized by the sit-downers.

Zenichi Kamijima said the Japanese all have letters or other evidence indicating their relatives are still alive. He said they were bitter about the Russian attitude and "now demand that Russian deceit" must be exposed.

The Russians say all Japanese prisoners of war have been repatriated.

Heavy Rains Slash Colombia Coffee Crop And Imperil Economy

BOGOTA, Colombia—(AP)—Prolonged rains have slashed Colombia's coffee crop by nearly 50 per cent and imperiled the nation's economy, a government spokesman said today.

Colombia's income hinges largely on coffee exports which are the main source of the country's dollar exchange. Officials fear that, if the rains continue, the country may face a financial crisis.

Fisherman Drowns

BELLEVILLE—(AP)—Lee Hale, 29, of Wyandotte, drowned Wednesday in Belleville Lake. His fishing companion, Orville Schwark, 29, of Detroit, said their boat capsized. While he swam for help, he said, Hale must have let go the overturned craft.

Azores Crash Of B29 Carries 16 To Death

PONTA DELGADA, Azores—(AP)—A B-29 bomber crashed off the runway at Lages field last night and burst into flames, killing all 16 persons aboard.

Unofficial reports said the U. S. Air Force plane hit an automobile parked off the field. The plane caught fire immediately and burned in a few minutes. Fourteen men were burned beyond recognition.

The plane, carrying a crew of 11 and five passengers, believed to be military personnel, was en route from Bermuda to England. Its home was Barksdale Air Force base at Shreveport, La. Capt. Salvatore Pelle, public information officer at Barksdale, said the plane had been diverted to Lages field when it developed engine trouble.

Two Fugitives Give Soo Posse The Slip; May Be In Canada

SAULT STE MARIE, Mich.—(AP)—Canadian police were on the lookout at Blind River, Ont., today for two Ohio desperadoes who apparently escaped a trap here.

Possemen have scoured the Barbeau community, 19 miles south of here, for a week in search of the men and were still hunting yesterday when a Canadian forest ranger reported he was "quite certain" he had seen them on the outskirts of Blind River, 86 miles to the southeast.

The hunted men are Lloyd and Paul Russell, brothers and convicted safecrackers who escaped May 8 from a prison farm at London, O. They were serving terms of 3 to 37 years.

Faked Mystic Voices Win \$100,000 Estate

LOS ANGELES—(AP)—Voodoo and mystic voices talked her blind mother into disinheriting her from a \$100,000 estate, Mrs. Frances Howe claims.

The estate was willed instead to a spiritual medium, Mrs. Teresa Anderson, who arranged the seances in which an Indian guide named White Feather advised the mother, Mrs. Howe's complaint alleged yesterday in superior court.

The suit charges Mrs. Anderson conspired with six other persons to take messages to Mrs. Martha L. Franklin, who died last month at the age of 86. Mrs. Anderson was named sole beneficiary and executrix in Mrs. Franklin's will.

Vice King Gets Cut In Florida

NEW YORK—(AP)—Assistant district attorney Alfred H. Scott charged that big-time gambler Frank Erickson has a financial finger in a \$685,000 gambling pie dished up in a fancy Florida resort.

Scott said yesterday in court that Erickson gets a cut from a gaming room operated at the swank Colonial Inn, located near Hallandale, Fla., between Miami and Hollywood. Hallandale is the train stop for the Gulfstream race track.

The Florida establishment netted a profit of \$685,538 in one year for Erickson and his Florida and Detroit, Mich., owners, Scott said.

He declared Erickson's cut of five per cent netted him \$34,276 for the period.

The assistant district attorney said the information was revealed in records seized May 2 in Erickson's Park avenue offices.

Artist At Ishpeming Will Paint Portrait Of Judge Frank Bell

MARQUETTE, Mich.—Salvatore Andriacchi, Ishpeming commercial artist, will paint the portrait of Judge Frank A. Bell, retired, which will be placed in the county courtroom.

The job will be done for approximately \$400, the county board of supervisors was notified yesterday in a report received from Robert H. Clark, Marquette, chairman of the County Bar association's portrait committee.

For each additional county which participates in engaging him, he will reduce his price by \$25 to each county.

Marquette Convict Escapes At Farm

MARQUETTE, Mich.—(AP)—Law enforcement officers and prison officials were searching today for a convict who escaped from the Marquette prison farm at Mangum at 6 this morning. Jackson was sentenced from Detroit recorder's court in February, 1946, for breaking and entering.

Fliers Cashing In On Arrest By China Reds

PEARL HARBOR—(AP)—The Navy promised to lift its aloha curtain today and let two American airmen tell the story of their 18 months as Chinese Communist prisoners.

The airmen—Marine Master Sgt. Elmer C. Bender of Cincinnati and Navy Chief Electrician's Mate William C. Smith of Long Beach, Calif.—arrived here Tuesday night after a 5,000 mile rush flight from China.

For eight months the Navy permitted photographers' flashbulbs to pop. But it wouldn't allow newsmen close enough even to ask Smith where he got his Hawaiian shirt.

Then it dropped the aloha curtain. That's the Hawaiian style "iron curtain" but composed only of goodwill, the Navy said.

The Navy had to find uniforms and figure out how much back pay and leave was due. A spokesman said the pay would total between \$3,000 and \$4,000 each. And offers for their story—from magazines, television, movies and feature syndicates—swelled to \$100,000.

Plan Escanaba Air Mail Mark

Special First Flight Cachet For June 1

First flight cachet, a special mark on the face of envelopes for outgoing mail, will be much in demand among collectors across the nation when Wisconsin Central Airlines inaugurates air mail service to and from Escanaba beginning on or about June 1.

The first air mail flight from Escanaba will be historically significant for this locality and for other Upper Peninsula communities on the Wisconsin Central route.

500 Requests Received

Postmaster Regina W. Cleary today said that about 500 requests for the special cachet mark will be applied on outgoing air mail have so far been received from collectors in all parts of the country.

These requests are addressed to the postmaster and ask that enclosed letters be given the special cachet first flight mark and mailed back to them. Some collectors, possibly dealers, want as many as 20 letters mailed—10 on the first northbound and 10 on the first southbound flight.

Route No. 86

The cachet mark is a special rubber stamp, not yet received at the post office from the U. S. Post Office department, which will be applied to the face of the envelopes, or covers as collectors call them. They will be used only on air mail for the first flights.

The air mail route here will be No. 86, and first official announcement of the scheduled start of service was made last Saturday. Inquiries are also being received locally concerning the start of air mail service. One local firm that now uses air mail parcel post (now mailed from Escanaba to Chicago by train) will save approximately 12 hours mailing time when direct air mail service is started here.

Twenty-eight cities, 32 counties, and one state in the United States bear the name of Washington.

Railway Mail Has New Car

Streamlined Unit On C&NW Train

A streamlined railway mail car, just out of the Pullman Standard shops, made its first run on C&NW Trains 161-162, between Chicago and Ishpeming, yesterday.

The mail car, painted the traditional yellow of the C&NW "400" streamliner coaches, is 32 feet long. The mail distribution space is 60 feet long and the remainder of the room is devoted to storage purposes.

The car is exceptionally well-lighted and air conditioned. It has electric refrigeration and a hot plate for the convenience of railway mail clerks employed on long runs.

The car has the same chassis as the streamliner coaches, and is equipped with a Waukesha diesel-electric power plant. The old cars have electric generators that are operated from the wheels.

Karas Memorial Gets Attention

Associated Press Carries Story

The campaign to raise funds for the Frank Karas Memorial shell is attracting nationwide attention.

Today the Associated Press sent a story over its wires describing how this community has organized itself to erect a memorial to the late Frank Karas, for many years music director of the Escanaba schools.

In response to popular demand, Station WDBC will repeat the broadcast of the Frank Karas Memorial program, "The Memory of a Man," at 8:30 tonight.

Persons not contacted by mail or personal solicitation are advised they may contribute to the bandshell project by sending their checks to Dr. Louis Groos, treasurer of the committee.

The AP Story

The Associated Press story sent over the wire today was as follows:

ESCANABA, Mich. — (AP) — They're planning a \$25,000 memorial to this Upper Michigan city to a Czechoslovakian boy violinist who grew up to be one of Escanaba's most beloved citizens.

The memorial will be dedicated to Frank "Pa" Karas, and, appropriately, it will be a band shell on the shores of Lake Michigan.

For 20 years, until his death in 1948, "Pa" Karas was director of music in the Escanaba city schools. Each summer he directed the annual concert series of the Escanaba municipal band.

When the funds are raised, the memorial will be started in Ludington park, site of the summer concerts.

And the citizens of Escanaba are certain they will raise the \$25,000. Schools, churches, clubs and civic groups have joined the campaign. The response has been reported "terrific."

Karas, whose musical career started when he was a boy violinist in a Czech village near Prague, came to Escanaba in 1920.

At first he was leader of the orchestra in the town's leading theatre. When vaudeville died, he began giving private lessons and soon was appointed musical director in the schools.

The family lived near the high school. They remodeled their home into a small store and luncheonette which became a gathering place for students.

It wasn't long before the musician and his wife had won a lasting place in the hearts of the community as "Ma" and "Pa" Karas.

Although Karas has been dead for two years, his tradition is still carried on by a daughter, Mrs. Clara Karas Somers, instrumental music instructor in the school system.

Escanaba hopes to have the memorial completed by the end of the year.

It will be dedicated, in the words of his friends, "to a man who helped Escanaba appreciate good music."

Delta To Receive \$19,336 For Roads

Delta county road commission will receive \$19,336 in a distribution of gas tax money under the McNitt Act for former township roads taken into the county road system, it was announced today by the state highway department.

This county has 653 miles of so-called McNitt roads, and the amount of money allocated to the county is determined by the mileage. The payment is on the basis of \$27 per mile per year.

William Karas, Delta county road commission superintendent-engineer, said the \$19,336 in McNitt is anticipated revenue figured into the budget for the year. It is not additional income.

The amount to be received by other U. P. counties includes the following:

Marquette \$34,118. Menominee \$28,484. Luce \$8,348. Dickinson \$13,976. Schoolcraft \$8,261. Alger \$12,391.

Briefly Told

Presbyterian Choir — Members of the Presbyterian choir will meet tonight at 7:45 at WDBC for rehearsal and to make a tape recording for Sunday's broadcast.

Masonic Meeting — Special Meeting of Delta Lodge No. 195, F. & A. M., will be held Friday, May 19, 1950, at the Masonic Temple for work in the first degree. Lunch will be served after the meeting. Cordial invitation is extended to visiting Masons.

V. F. W. Poppy Sale — The annual poppy sale sponsored by the V. F. W. and its auxiliary will be held Friday and Saturday, May 19 and 20 in order not to conflict with the American Legion poppy sale scheduled for next week.

Other Violations — Other violations reported by the liquor control commission include the following:

American Legion post, Ironwood, selling to non-members, \$100 fine or 20 days suspension; Fraternal Order of Eagles, Ironwood, selling to non-members, \$100 fine or 20 days suspension; Tom Strong's bar, Iron Mountain, \$200 or 40 days; Rialto Bowling Alleys, Norway, \$75 fine or 15 days; Joe's Tavern, Iron River, \$150 fine and 15 days; Gino's restaurant, Marquette, \$100 fine or 20 days; Old Joe's, Limestone, \$250 and 15 days; Senate Cafe, Ishpeming, \$150 and 15 days.

Licensee Gets Heavy Penalty

DePuydt Fined \$300; Suspend License

Fines totaling \$300 and a suspension of license for at least 90 days was the penalty imposed by the Michigan liquor control commission against Henry J. DePuydt of the Riverview tavern and dance hall in Wells township at Danforth.

DePuydt was penalized on two counts.

On Sept. 24, 1949, it was charged that the Riverview sold or served alcoholic beverages to minors and allowed minors to consume on the premises; and on Oct. 23, 1949, it was charged that minors were sold or served, allowed to consume, and that pass-out checks were given to customers.

Sold to Minors

Previous violations involving minors were recorded in 1942 and 1943.

The liquor control commission on the first count ordered the licensee to pay a fine of \$100 and suspended the license for 30 days; on the second count the fine was \$200 and the suspension was for 60 days.

Sheriff William E. Miron was advised that the suspension will be effective starting Monday, May 22.

Other Violations

Other violations reported by the liquor control commission include the following:

American Legion post, Ironwood, selling to non-members, \$100 fine or 20 days suspension; Fraternal Order of Eagles, Ironwood, selling to non-members, \$100 fine or 20 days suspension; Tom Strong's bar, Iron Mountain, \$200 or 40 days; Rialto Bowling Alleys, Norway, \$75 fine or 15 days; Joe's Tavern, Iron River, \$150 fine and 15 days; Gino's restaurant, Marquette, \$100 fine or 20 days; Old Joe's, Limestone, \$250 and 15 days; Senate Cafe, Ishpeming, \$150 and 15 days.

Over 400 To Attend P. M. A. Convention

The state convention of the Production and Marketing administration will be held in Escanaba on June 8 and 9 and will bring from 400 to 500 county committeemen and office personnel.

State and national officials of the PMA will be the speaking program. The House of Lulington will be convention headquarters and business sessions will be held at the Bonifas auditorium.

State officers are: James Quick, chairman, Ernest Gilbert and George Broadbent, all of Lansing and members of state PMA committee.

Escanaba will be host to many meetings and conventions during the summer. There will be a particularly heavy schedule next week with the conferences of the Upper Peninsula Insurance Agents the Michigan Water Resources commission and the Michigan Outdoor Writers association.

Later conventions include those of the Michigan P. E. O. Sisterhood, Michigan Association of County Clerks and the Michigan Municipal League.

Frank D. Borla of Iron Mountain and Ted Ohlen of Delta county met with Hugh Grow, Escanaba Chamber of Commerce secretary, this week to set the dates for the state convention of county clerks, which will be held here Aug. 2 to 4. State officers of the association are: President, William J. Leppinen, Saginaw; treasurer, John A. Hagman, Howell; and secretary, Harry Hooker, White Cloud.

Expect 300 Here For Meet Friday

24 Consultants Will Take Part

Approximately 300 Upper Peninsula persons interested in the problems of children and youth will attend the U. P. White House conference on children here Friday.

Twenty-four consultants will participate in this conference, sponsored by the U. P. Inter-agency group and the Michigan Youth commission. Meetings will be held in the Escanaba Junior high school.

Physical and mental health needs of children, community protection of delinquent and dependent children, educational needs, community recreation and character building, and religion and family living will be among topics discussed at sectional meetings in the morning and afternoon.

Speakers Named

John A. Lemmer of Escanaba, U. P. member of the Michigan Youth commission, will be chairman of the opening session, which follows registration at 9:30 a. m.

Speakers at the U. P. White House meeting will include Mrs. Margaret Price of Ann Arbor, chairman of the Michigan Youth commission; Dr. John Dorsey of Detroit, psychiatry professor at Wayne university; Dr. M. Cooperstock of Marquette, U. P. members of the Michigan Youth commission; and William Norton of Detroit, executive director of the Michigan Children's Fund.

The Consultants

Consultants who will participate in the conference are as follows:

Education—George Gilbert of Marquette, regional representative for the department of public instruction; Helen Kramer of Marquette, U. P. consultant for the Michigan State Library; Mrs. Loreta Ryan of Lansing, State Library representative; and Dr. H. A. Tape of Marquette, president of NMCE.

Health—Eleanor McGarvay of Marquette, medical-social consultant for cardiac program of Michigan Crippled Children's commission; Sylvia Penbody of Marquette, nursing consultant for the crippled children's cardiac program; Elba Morse, director of the Crippled Children's Center at Marquette; Marie Daggett, nursing consultant for crippled children's commission; Mrs. Marcella Berky, psychiatric caseworker at the children's center in Marquette; Dr. William C. Harrison, director of the Delta-Menominee health department and Russell Johnson of Escanaba, of the State Health department.

Protective service—R. G. Mulcahy and R. O. Gillespie, children's consultants for the state department of social welfare; Viola Olson, state representative; and Sylvester Vaughan, area representative for the state social welfare department; Mrs. Louise Rydholm, executive secretary of Michigan Children's Aid society at Marquette; and Carroll Rushton, judge of probate at Marquette.

Recreation—Rosalie Kiss, occupational therapist for Michigan Children for Children and adults, at Marquette; Richard Thompson of Marquette, executive of Red Buck Boy Scout council; Russell Horwood, director of Michigan State college extension service at Chatham; and Mrs. L. O. Gant, president of the Marquette Girl Scouts council.

Religion, family living—Mary Germaine O'Neill, social worker at Holy Family orphanage at Marquette; Opal Roberson, regional director for homemaking extension service of MSC; Mrs. Bernice Chamberlain, diocesan president of the Episcopal Women's auxiliaries; and Mrs. Lucy Chisholm, executive secretary of the Marquette Family Service society.

Death Takes Pioneer Of Copper Country, Fireman John Herman

CALUMET — John Herman, 82, widely known Copper Country pioneer, died this morning in Memorial hospital after a lengthy illness. He was born in Keweenaw county where his father established a jewelry business during the early days of the Copper Country and was associated with his father in the jewelry business in Calumet until a few years ago when he retired. Herman was widely known as one of the oldest volunteer firemen in the state both in age and point of service. He was one of the organizers of the Upper Peninsula firemen's association and was an officer of the organization since 1894. Surviving him are four daughters and two sons.

Tourist Group Holds Meeting

Report Fisheries Measure Is Dead

A fisheries bill, designed among things to curb the commercial taking of walleyed pike from Little and Big Bay de Noquet and to provide net free trolling areas for sport fishermen in the two bays apparently will not be reported out of committee and thus is dead, it was reported at a meeting of the Delta County Tourist council at the Gladstone city hall last evening.

The bill was introduced by Rep. Einer Erlandsen at the special session of the state legislature.

Members present spoke favorably toward a clearing house for the current summer and it was voted to again have it at the A & W Drive-in at Escanaba operated by Ron Koth. The clearing house keeps a daily, up-to-minute list of accommodations available for tourists.

Copies of the 1950 Delta County Tourist Guide were brought to the meeting by Clarence Moreau, Escanaba, who prepared the guide for the Tourist council.

Twenty thousand copies will be printed and they will go into every state of the union but primarily and mainly in five central states, Michigan, Wisconsin, Illinois, Indiana and Ohio.

The nominating committee will report at the June 7 meeting. Walter O'Brien, who has ably served the council as president the past two years, expressed the desire that a new president be named.

Work Prospects Increasing In Escanaba Area

Work opportunities in the immediate area are increasing. Whitney R. Dixon, branch manager of the local Michigan Unemployment Compensation commission, said today.

The employment division of the Escanaba office now has a number of employment openings in Delta County and elsewhere which they have been unable to fill. These job openings are for maids, housekeepers, furniture upholsterers, mattress makers, stenographer bookkeeper, maintenance electrician, auto mechanic, wheel-alignment mechanic, auto bodyman and barmaids.

In addition to the above jobs, openings for out-of-town employment are available for a hardwood lumber inspector, chief of a survey party and instrument man. Additional openings also are listed for employment in other cities of Michigan, Wisconsin and Minnesota.

Interested individuals are asked to contact the employment office at 1323 Ludington street.

Mrs. Newhouse Of Nahma Dies In Manistiquie

MANISTIQUE, Mich. — Mrs. Peter Newhouse, 43, of Nahma, died at 8:30 this morning in Shaw hospital here.

Mrs. Newhouse was born Sept. 1, 1906 in Hampden, N. D. She was married to Mr. Newhouse on Oct. 21, 1927 in Ada, Minn. She leaves her husband and five children, Peter Jr., Betty Lou, Barbara Jean, Bernard and Beatrice, all at home.

The body will be removed from Kefauver and Jackson Funeral home to St. Paul Episcopal church at Nahma Friday and will lie in state at the church beginning at 4 p. m.

Funeral services will be conducted at 2 p. m., Saturday from the church in Nahma with the Rev. Herbert A. Wilson officiating.

This May Be Year Of Crisis In Bays de Noc Walleye Controversy

REP. EINAR ERLANDSEN, of Escanaba, was unsuccessful this week in an effort to get legislative approval of a measure to protect sport fishing in Big and Little Bays de Noc by restricting commercial fishing in those waters. Rep. Erlandson tried to attach the restrictions to another commercial fishing bill before the house of representatives. Previously, a similar proposal by the Escanaba legislator had been killed by the committee on fish and fisheries.

This may be a year of crisis in the commercial fishing-sports fishing controversy in Bay de Noc waters. The influx of trappers from other areas to local waters is causing growing concern in Escanaba. Walleye sports fishing has become an extremely effective tourist lure. The heavy commercial fishing, however, threatens to seriously reduce the sports fishing prospects.

Many commercial fishermen deny that heavy catches in nets are a major factor in the ups and downs of sports fishing. They say that walleyes, like other wildlife, increase and decrease in population by cycles. According to this theory, when walleyes are on the "up" cycle, that is, increasing in population, they should be harvested to prevent the loss of a valuable natural resource. The theory may be based upon good reasoning, but it is not a theory readily accepted by the sports fishermen or the tourist industry.

If the anticipated concentration of trappers in local waters continues this year and walleye fishing by sportsmen is below average, it is a certainty that responsibility for the decline will be directed to the commercial fishermen, whether justified

or not. In view of this situation, the commercial fishermen will be wise to do what they can to prevent excessive walleye net fishing in local waters this year, particularly in or near the popular sports fishing grounds.

Unless voluntary controls are instituted to protect hook and line walleye fishing in Bay de Noc, the public clamor for legislative controls undoubtedly will increase next year. The commercial fishermen's legislative lobby may not be able to resist pressures on another occasion.

Excise Tax Cut May Not Materialize

GROWING DOUBTS that an excise tax reduction bill will be enacted in this session of congress are developing in Washington because of the prospect of a presidential veto.

There is substantial agreement that many of the excise taxes, established in wartime, are too high and should be reduced. Even President Truman suggested cuts in a number of excise taxes, but he insisted that any such reduction must be offset by corresponding increases in other levies in order to maintain equal revenue into the federal treasury.

The house ways and means committee has already approved tax cuts estimated at more than one billion dollars, which is substantially higher than the maximum figure proposed by the president. The committee likewise has disagreed with the presidential proposal to recover these taxes in the form of higher levies on corporations, inheritances and large gifts.

The committee did approve a 10% withholding tax on corporation dividends to plug a tax loophole through which an estimated \$150,000,000 annually is now leaking. The maneuver merely provides a means to collect the taxes at the source, and does not create a new tax obligation. Since wages are already subject to withholding taxes, it can hardly be argued that dividends should be treated differently.

It will be very unfortunate if justifiable reductions in excise taxes are denied in this session of congress because of the presidential attitude on the issue.

COLORS AND FRAGRANCE

Toward the end of May is perhaps year's best period of combined color and fragrance. There are some who place June first in the list of months; there are others who hold that the last two weeks of the Growing Rain month is the most heart-stirring season of year's cycle. Color spreads across the landscape with a rush; buds of apple trees reveal their pink and white beauty; the lilac club by the woodshed opens its fragrance to the sun and sends its perfume across the dooryard.

Self-confident towhees are resplendent in orange and white; jaunty, rose-breasted grosbeaks throw their rounded songs across the garden. That flash of scarlet—was it tanager or cardinal? Even the catbirds seem to have a silvery, rich sheen—if they will only sit still for a few minutes while a man watches. As may rushes toward June there is a certain satisfying feeling that one sense sat no other time of year.

This is the true sensory season. The fragrance of blossoms, of fresh-turned soil, of growing grass and making humus is a primal, heady combination. Trees are rounding into leaf and grass-carpeted meadows are starred with buttercups. There is stirring magic on this earth when May comes within hailing distance of June. The chlorophyll in green leaves is manufacturing the food that means seeds for another generation as well as the harvest for this year. Each dawn the air is filled from the crescendoing symphony of the birds' chorus. At high noon when the sun is glowing in the blue-bowl sky, one can almost feel the pulsing urgency of nature. Wherever a man looks, wherever a man lifts his eyes to distant hills or across rolling prairies, he sees the color of spring and enjoys its fragrance.—By Haydn Pearson.

Fishermen's Wish

In a world that's in a hurry, people like to get away for a periodic outing when at leisure they may play. So they sit and dream about it, in the office or at school, and they have a common purpose over which they like to drool. For dreaming of an outing, both the old and young will wish that they'll have the opportunity to catch a whopping fish.

Now it's fairly well established that they often disagree as to just what kind of angling is the tops in fishing glee. There's the gent who loves the trout stream and will have no truck with bait, for he thinks a Royal Coachman is a fly to consecrate. He demands a mountain river or a racing little brook, and he thinks a man is crazy if he tries to bait a hook.

There's the plug and spinner advocate who likes a quiet lake, there to hope the fighting smallmouth bass his wiggly lure will take. And the folks who fish with garden worms and never lack for fun, and the hunk-o-liver catfish clan which waits from sun to sun. But they all have just one thought in mind, a common heartfelt wish: "Please, dear Lord, just let me go back home with one big whopping fish!"

Merry-Go-Round

By DREW PEARSON

WASHINGTON — One of the most carefully guarded secrets of the war was the fact that Japan was floating balloons across the Pacific Ocean to Oregon, Washington and even as far east as Illinois and Texas.

U. S. censors gave strict orders to suppress all news of these balloons; and even when an Oregon family climbed into a tree to examine a balloon and was blown to bits, censors suppressed the information.

Reason for the strict censorship was that American commanders didn't want the Japs to know how successful their balloon campaign was. If the Japs realized their balloons were getting across, it was believed they would launch many more thousands.

After the war ended, cross-examination of the Jap military revealed that 60,000 of these balloons had been launched from the Kurile Islands and Formosa. They crossed the Pacific at an altitude of about 17,000 feet at a speed of over 100 miles an hour and were equipped with gadgets which made them descend after a certain distance. The prevailing winds across the Pacific made the flight relatively simple—despite the fact that the Pacific is the widest of all oceans.

The balloons were equipped as incendiary carriers to set fire to Northwest forests, and later they were to be equipped as carriers of bacteriological warfare.

BALLOONS TO RUSSIA

Use of these same type balloons to carry propaganda into Russia was proposed in this column two years ago. The wind currents from Germany, France, Austria, Turkey or even England make it easy to float balloons into Russia. In fact, they could be inflated so as to come down in certain planned areas, carrying not only propaganda, but bars of soap, candy, short-wave radio sets, etc.

The weather bureau, with whom I conferred at the time, confirmed the fact that floating the balloons into Russia would be fairly easy. Secretary of Air Stuart Symington and Chief of Staff Omar Bradley gave their enthusiastic approval. But at that time the state department said no.

However, the increasing Soviet jamming of the Voice of America, and with the increasing urgency of getting American ideas across to the Russian people, the state department under live-wire Assistant Secretary Ed Barrett is re-examining the matter. A sincere effort is being made to put across the Acheson idea of "total diplomacy."

SOVIET EYES OKINAWA

A Soviet plot to force the United States off its Pacific island bases is revealed in recent reports to the joint chiefs of staff.

The clue to Soviet plans is the massing of thousands of Chinese forced laborers to build giant airports within bombing range of Okinawa. The airports are in China's Fukien province fronting on the East China Sea, and will have wide, long airstrips for planes much larger than anything operated by the Chinese Communists.

U. S. intelligence reports say that Soviet officers are directing the construction of these airfields. The Communists are also planning jet bases, one of them at Nanking.

This information fits into the joint chiefs' estimate of Soviet plans — diversionary moves in Europe to distract our attention, but with the main punch aimed at Southeast Asia and the Pacific. The Kremlin appears ready to take a chance that the American public would let Okinawa and even the Philippines fall rather than go to war.

MERRY-GO-ROUND

Oklahoma's state CIO council has secretly voted to take no sides in the bitter battle between Sen. Elmer Thomas and Congressman Mike Monroney. This means that Senator Thomas, who usually gets the labor vote in Oklahoma, will be strictly on his own against Monroney, the man who received the Collier's award several years back for outstanding congressional service.

Trygve Lie, U. N. secretary-general, got a rough introduction to the iron curtain in Prague. At a so-called press conference, the Communist news stooges harangued him about the "western warmonger capitalists." When Lie protested he was not an agent of the western powers, he was given the horse laugh.

Egypt is quietly recruiting an army and navy of international rovers to do battle again with Israel. Armed frigates for the Egyptian navy are being bought privately from U. S. companies.

Life is now so hot behind the iron curtain that a German circus, Brumback and Bailey (not Barnum and Bailey), slipped across the border into Western Europe the other night. The Brumback circus included 90 wagons, various elephants, tigers, monkeys, and clowns, but they got across the border just the same.

Sodus: Please give us the pronunciation of machete, the knife with the long blade.

Answer: Machete is the Spanish word for "cutlass." In that language the pronunciation is mah-CHAY-tay. In North America, the word is pronounced muh-SHET, or muh-SHET-ee.

Scarf: Please, can't you help to get the "cump" out of the word comfortable?—B. H. W.

Answer: A surprising number of speakers say "KUMP-tuh-bl" or "KUMP-uh-ti-bl." But of course there should be no sound of the consonant "p" in the word. Be sure to say: KUM-fert-uh-bl.

Los Angeles: Some of us are getting quite Spanish out here. The other day I heard a young lady refer to Houston, Texas, as "hoo-STAHN."

Answer: In Texas, it's: HEW-stun. In New York, Houston Street is pronounced: HOW-stun.

Michigan's Log Symbols Mark Of Authority To Tough Lumberjacks

By P. H. D. SHERIDAN

From "Tracks" Magazine

When it's round-up time in Texas, the cowpokes corral the yearlings and brand them with the marks of the Lazy K, O Bar O or the Flying Diamond. The thousands of brands used in the West are part of its romance, but you don't have to head in that direction to study the lore of industrial trade marks. A hundred years ago, along the C&O's line in Michigan, there were round-ups and branding times, too. Except that the cowpokes were lumberjacks, they branded logs instead of cattle and their marks were more likely to be The Hanging Man, Rail Road or Pair of Legs.

Ever since "Uncle" Harvey Williams took an old engine from Walk-in-the-Water, first steamboat to ply Great Lakes, and used it to power a primitive sawmill at Saginaw, Mich., the question of who owned what logs was an important one. Hundreds of lumber operators used the same Springfield-swollen rivers to float billions of feet of oak and pine to the hungry mills.

The problem of identifying the logs at the sorting boom was finally met with the use of log marks, or brands. The old time lumberjack came to recognize those brands as a symbol of ownership as respected as cattle brands and just as necessary.

The Michigan log brands weren't the first in America. The American colonists were familiar with the Broad Arrow, the mark used by Queen Anne's surveyor-general to mark off the New England colonies that were to go into the construction of British warships. So strong was the memory of the Broad Arrow, in fact, that the first Michigan brand closely resembled it.

Early Michigan legislation required log marks to be registered in the county where the logs were to be manufactured into lumber. Under this law, booming companies were formed to contract with the logging firms to drive logs downstream. They could charge others for logs mingled in the drive, intentionally or otherwise.

One of Michigan's earliest and biggest lumber operators was the Flint and Pere Marquette Railway now part of the C&O system. Its marks like the Rail Road, Arrow, Double S, W Diamond B and HCP still appear in the records of Newaygo, Lake and Mason Counties. At one time, the F&P even proposed to dam the

Muskegon River for the purpose of extending its logging operations, but the plan was never carried out.

Perhaps the greatest raft of pine ever floated was towed from the F&P boom to Chicago in 1871. Consisting of a million board feet, it was nearly 2,000 feet long, seventy feet wide and contained 600 logs averaging forty-two feet in length and four feet in diameter. It took a steamer sixty-three hours to tow it the 160 miles to Chicago across Lake Michigan.

The first half of the Nineteenth Century witnessed the arrival in Michigan of the big lumbermen like Charles Merrill, whose "Circle M" appeared on the 1,700,000-foot logs that boomed out of the Saginaw field between 1866 and 1864. Timber barons like Merrill often owned as many as 100 log brands, acquired from smaller companies they bought out. So varied were these marks, especially those employing initials, that the operators began running out of ideas. One company in the boom years had a standing offer of \$50 to anyone who could design a brand of three letters in any arrangement that had not been registered before.

What makes the history of Michigan's log brands so interesting is their color and the wide variety of designs—humorous, picturesque, and otherwise—that went into them. The lumbermen used animals, lumberjack tools, familiar objects, their initials, short descriptive words, practically anything that came into their heads. Many of the brands have a close resemblance to the marks used in the Western cattle country.

One logging operator, Murphy, used an "M" inside a rough caricature of a duck. Another logger, who was also a pharmacist, aptly chose as his mark a mortar and pestle which became famous as the Drug Mixer brand. One operator used a Turtle Mark, and another anticipated the makers of a present day soft drink with his UP, Edward and Charles Hall used graceful anchor designs and E. F. Gould looked no further than the tools of his own trade for a design. He chose the simple AX.

Log brands used in the area around Muskegon, Mich., important part today on the C&O, were the Pitcher, Crawfoot, Fish, Snuff Box, and Buzz Saw. There were colorful brands, too, in Alpena County: Cook's Hat, Necktie,

Hanging Triangle and Ace of Spades. The Tobacco River Lumber Company seized an obvious opportunity when it chose the brands Tobacco, (with one C), Smoke, Cigar and Snuff.

Initials, numbers and actual words were in great favor as log marks. Whether you looked at A. N. Spratt's logs upside down or right side up, their brands always read the same: HOH, 808, 609, SXS and 010. Everyone knew Tom Collins' logs. They were marked simply TOM.

The lumberjacks, whose speech was rough and to the point, leaned heavily on short snappy words and slang. There are brands on record like Sin, Hel, Dam, Ubet, Sow, Skat, Yup, Uno, Maw, Nix and Jug. One company even used Biblical lore with its Eve and Eden.

Use of the log brands was responsible for the rise of one colorful logging occupation and a bustling allied industry. With the hundreds of log marks in use, the head sorter at the sawmill became a walking encyclopedia of the logging camp trade marks. He had to know them all and as the logs entered the sorting gap, the sorter would give them a quick glance and then reel off their owners' names to the pinhookers: "Avery-one" or "Merrill-two."

The A. L. Bartlett Company, of Saginaw, developed a brisk business out of the manufacture of the heavy hammers used for marking the logs. The hammers were interesting in themselves. The log brand was raised on the hammer's striking surface and bit deeply into the end of the log with one blow. The hammers were generally made of cast iron, four to six pounds in weight and took a variety of shapes. Many less prosperous lumbermen, however, had their hammers fashioned by local blacksmiths, accounting for the crudity of many of the designs on record.

The day of the fighting, rough and tumble Michigan lumberjacks is over. But the log marks remain symbols of a semblance of law and order in pioneering communities where social controls were often weak. Michigan has harvested most of its virgin pine. But it may not be long, as measured in the life of a state, before the logging industry is restored. If so, the famous log marks may again appear on Michigan's countless streams.

Good Evening . . .

By CLINT DUNATHAN

ALL HIS OWN — Most columnists at some time or other rely upon their "sources" to supply them with column material.

Not so Andy P. Olafson, the occasional contributor to the Escanaba Daily Press since 1922, whose originality extends beyond the line of duty. He is original in context, in spelling, punctuation, and grammar.

It was not until recent years that it was generally known that Andy P. Olafson is the pen name of L. A. "Dan" Danielson, wire editor of the Daily Press.

Dan has a happy outlook on life and this optimism is reflected in the Olafson columns.

But Olafson insists he is not writing a column:

"All you got to do is makelng some Big Shoot mad and you then you are soon Sitting Pretty being a famous Columnist but I am not mad at Anny body not evenly Mrs. FDR Roosevelt or Henry Wallis so I keep on putting off Writing Calumn since 1922 On acct. I am not mad at Anndy body yet sinst 1922."

No, Olafson is not "mad at Anny body." But many people wish he would break in to print more often.

INVENTOR—Olafson is always looking for ways to make life happier for "peoples," especially those who enjoy the simple pleasures—like chewing snoose and ice fishing.

To benefit snoose chivers Olafson last year "invented" what he terms a "snus ball," in which the tobacco is sold in "little cheesy Cloths Bags." He got his idea, he reported, from seeing "some Bags at a Lady party drinking tea."

The idea of the "snus balls" was submitted to the United States Tobacco company, and they replied from their New York office:

"While the idea of manufacturing snuff in small individual pellets is interesting, the suggestion has been made before. It is not practical for our business."

SERIOUSLY—Some of Olafson's "inventions" have been given serious consideration. The latest is his pneumatic sole for footwear.

These air - cushions were designed to keep fishermen and others from slipping on the ice—or "on wet floors like Bar room or slip off Brass Rail for all the year Round."

Hood Rubber company, division of the B. F. Goodyear company, wrote from its footwear department that it had experimented in the manufacture of such air-filled soles back in 1936. The conclusion was that they were impractical for several reasons—a page and a half of them.

FAME—Olafson's most famous project is the Stonington bridge. It is still in the experimental stage and will include seats for perch fishermen and shade trees along the boulevards. The engineering difficulties in spanning the four miles from Escanaba to Stonington across Little Bay de Noc have been solved several times.

Olafson has written about the Stonington bridge so often that people talk about it as if it were a project seriously proposed.

Peder Pedersen of Stonington tells me that some summer visitors stopped at his place a couple years ago. They had overheard a conversation between two Stonington residents—and they wanted to be shown where the bridge was being built.

Sometimes Olafson illustrates his bridge project, the snus balls and the pneumatic shoe soles with drawings. These were so well received he was encouraged to do a couple political cartoons. One was on the need for additional taxes for roads. The original drawing was sent to Gov. Williams.

"It is very interesting for me to have this provocative cartoon and I trust you will come down and see it hanging on the wall in my office at the Capitol," the governor replied.

As Olafson wrote in describing his two-faced pants factory, he is happy because things is busting wide open, and he hopes you are the same.

Into The Past

10 YEARS AGO

Leamington, Ont.—The town council today adopted a resolution forbidding the use of the German language in public, and the teaching of the language in public and private schools for the duration of the war. The community is in the center of a large settlement of German-born people.

Gladstone—Alfred White, son of Mr. and Mrs. H. T. White, who is in the U. S. Navy, has been assigned to duty in Hawaii. In July he expects to be ordered to Long Beach, Calif. He is serving aboard the Lexington.

20 YEARS AGO

Escanaba — Grand Marais high school's teams made a clean sweep of the Upper Peninsula Smith-Hughes contests at the Chatham experiment station yesterday, taking first place in both animal husbandry and crops. Escanaba entered only the crops judging contest and won second place. The Escanaba squad was comprised of Walter Ottensman, Mike Lalaf and Victor Siminice. They were accompanied by their coach, Henry Wylie, agricultural instructor at EHS.

Escanaba—Rev. and Mrs. J. H. Hanson have returned from St. Paul where they attended graduation exercises at Mounds Park-Midway hospital. Their daughter, Hildee, was a member of the graduating class.

Gladstone—Mr. and Mrs. Thomas Burdick observed their golden wedding anniversary May 16 with a party at the home of their daughter, Mrs. Isaac Wood.

'Quota Mortgaging'

Editor of The Press:

How many Americans are familiar with what is called "quota mortgaging"? The quota for Lithuania is "mortgaged" ahead until A. D. 2000. Estonia to A. D. 1980; Poland to A. D. 1960.

In connection with this, I cannot help but feel that the victory of the hyphenates in winning the fight for the so-called "liberalization" of the displaced persons act opens the door for a complete breakdown of the quota immigration system. They forced the enactment, despite our experience with Scarface Al Capone, Moses Annenburg, Bugsy Siegel, Dutch Schultz and other alien gangsters.

Curiously, right after the passage of the act comes an AP Kansas City dispatch that "gunfire ended Binagios's north side political power and took with him his top muscleman, ex-convict Gargotta. Binagios's body, with four bullet holes in the head, was found slumped in a chair at first district Democratic clubrooms. Gargotta's body, also with four bullets in the head, was sprawled on the floor near the front door." Most of our gangsters are unscreened aliens.

Chicago Puts On Big Show

Demoes Ask G. O. P. To Donate Funds

By MARQUIS CHILDS

CHICAGO—This is the city of spectacles. It is where the bread and circuses of latter day big-time politics come in to full and fantastic flower.

CHILDS

Some of us remember when President Roosevelt came here during his campaign for re-election in the fall of 1936. Big Ed Kelly was both mayor and boss. He set out to put on the greatest political show the country had ever seen and he just about succeeded.

Roosevelt paraded in the evening to the stadium. The vast crowd overflowed from the curbs into the streets to the dismay of the Secret Service. Around the stadium at least a hundred thousand people were massed in the weird light of great magnesium flares while hundreds of bombs burst in the air overhead as the president arrived.

The deafening roar of the crowd both outside and inside the packed hall startled even that master of crowds, FDR. It took all his skill to hold the howling mass into a semblance of an audience to hear his prepared speech.

Republicans Irked
The current spectacle is of a different order. It is more stage-managed, more contrived, with a "non-political" gloss. The Democrats feel they have put over something pretty clever in this show that has caught national attention.

What makes the Republicans in Chicago hoping mad is that most of the cost of this big political rally—for that is what it is—has been taken on by something called the Chicago Host committee. The committee is made up of Democrats and Republicans who are being asked to contribute up to \$150,000 to put on the show.

What makes the Republicans even madder is that the treasury in Washington has issued a ruling to the effect that contributions to the committee are deductible as business expense from income reported for taxes. That is, they are deductible for those such as hotel and restaurant owners who expect to make a profit from the crowd. For, of course, there is financial as well as political profit in bread and circuses.

The Republicans insist the cost of this spectacle is at least \$250,000. The Democrats reply that besides the \$100,000 to \$150,000 contributed by the host group, the Democratic committee will not spend more than \$50,000.

If the latter is the true cost, then this climax to the president's western tour is a bargain. It gets out the crowd, it gives them entertainment. The galaxy of governors here for the series of Democratic conferences serves to advertise the triumphs of the party.

Many Turn Out
Those who went along on the presidential train, both officials and most reporters, say the trip was successful. By this they mean that large numbers of people turned out who seemed friendly and responsive. What it really signifies, those who remember 1948 and the debacle of the political prophets hesitate to say.

The general belief of the men around the president is that the McCarthy business has not hurt Truman himself. Secretary Acheson may have been hurt and it may have harmed certain Democratic members of congress running for re-election. But in this hopeful view the president has the same symbol value—a homely, unpretentious man who is trying to do his best for all the people.

House Committee Votes Extension Of Rent Control

WASHINGTON — (AP) — The House Banking committee voted 13 to 4 today for another year of federal rent control.

The bill provides, however, that controls will end December 31 in cities that do not vote to continue them until June 30, 1951.

The present rent control law expires at the end of next month.

The committee's action sends its bill to the House. The measure, sponsored by Chairman Spence (D-Ky.), has these main provisions:

1. Continuation of the federal control powers to June 30, 1951.
2. Increased "local option" provisions whereby localities can determine whether they want further controls. A city would have the power at any time to vote out controls. Once taken off, no rent ceilings could be reimposed in a particular locality.
3. Rent controls to end automatically December in all localities where the local government body or the people in referendum do not decide to continue the controls to June 30, 1951.

German War Bride Spared Deportation In Last-Minute Order

NEW YORK—(AP)—An order from a U. S. supreme court justice halted the deportation of a German-born war bride yesterday just 20 minutes before her plane left for Europe.

Signed by Justice Jackson in Washington, the order allows Mrs. Ellen Knauff to remain in this country pending the outcome of an appeal of her case to the high court. She was given until May 25 to file such an appeal.

Jackson followed up his order with a bluntly-worded statement criticizing immigration and justice department officials for "bundling this woman onto an airplane to get her out of this country within hours" after the circuit court of appeals had granted clearance to the deportation move.

Crowds In Formosa Welcome Fleeing Chusan Soldiers

TAIPEI—(AP)—Nationalist China today welcomed as heroes the 150,000 troops who withdrew from Chusan Island without firing a shot.

President and Madame Chiang Kai-shek gave each of them seven Formosan dollars—about 70 cents each.

The people gave them bananas, watermelons, cakes and sandwiches.

Laudatory banners greeted them everywhere. Speakers extolled them. Their feat in slipping out of Chusan was hailed as a great strategic victory.

Czech Red Resigns; Asks Refuge In U. S.

WASHINGTON—(AP)—The state department is wrestling with the problem of what to do about a former Czech diplomat, a Communist, who has asked asylum in this country.

The man, Vladimir Houdek, resigned Tuesday from his post as Czechoslovakia's chief delegate to the United Nations and blasted Russia for pressure on his country.

Ordinarily, a person in such circumstances is granted asylum as a political refugee. However, there are laws against letting an alien Communist stay in this country.

Anti-Communist Czech refugees here are urging that Houdek's plea be denied.

DEADLY DRIVING

In Rhodesia, Africa, during a single year, total deaths caused by lions, elephants, crocodiles, rhinos, snakes, domestic cattle, buffaloes, suicide, lightning, and drowning, was 350. During the same period 8000 persons were killed in London by motor cars.

Weary Winnipeg Awaits River Drop

WINNIPEG—(AP)—Winnipeg's flood-weary residents hopefully looked for the first slow drop in the Red river's muddy waters that have driven 50,000 persons from their homes in the last three weeks.

Mrs. Krueger, 77 Dies At Home, Rites Saturday

Mrs. Henrietta Krueger, 208 South 17th street, died yesterday at the family home after a three-day illness. She was 77 years old.

She was born in Koenigsburg, Germany, April 11, 1873 and came here when she was 18 years of age. She was a member of the Christian Science Society.

Surviving members of the family are a daughter, Mrs. Caroline Demezour of Chicago; one son, Edward, Milwaukee; three grand-children and one great grandchild.

Funeral services will be held Saturday afternoon at 1:30 at the funeral home with burial in Lakewood cemetery. Friends may call at the funeral home beginning Friday afternoon.

Translator Arrested As Spy At American Embassy In Korea

SEOUL—(AP)—A Korean translator employed in the U. S. embassy here has been arrested on a charge of espionage.

Police Chief Kim Tai Sun said the translator is Kim Woo Sik, 28. He had been employed in the embassy since 1947 as a clerk in the consulate and since the winter of last year as reporter and interpreter for the political section of the embassy.

The chief said the translator told him his life had been threatened by Communist North Koreans unless he obtained information for them.

Baltimore Will Raze 16 Blocks Of Slums For Housing Project

BALTIMORE—(AP)—Sixteen blocks of Baltimore slums are to be leveled to make way for new housing developments in the latest move in Baltimore's publicized slum clearance program.

All that is lacking is the approval of the city council when it meets May 29. The program is being carried out by the Baltimore redevelopment commission.

Baltimore's slum clearance program has become a working pattern for similar projects in several large cities.

Walter Schrader Lions Speaker

HERMANVILLE — Walter Schrader, secretary of the Iron Mountain-Kingsford Chamber of Commerce, will be the main speaker at the "ladies night" dinner of the Hermanville Lions club Monday evening, May 22, at 7 at the IXL hotel. The John Malone trio will play during the dinner hour. An attendance of 50 is expected.

It would require 600,000 full moons to equal the splendor of the sun.

Groggy Senators End Filibuster, Approve Budget

(Continued from Page One)

An hour after midnight the Republicans spotted Williams watching from the gallery. They debated giving him a tongue-lashing but ended by politely inviting him to come to the floor and sit in style.

In the final hour of the session not a Senator sat in his seat. All were packed in the well of the Senate arguing while the clerk droned away at the 145-page budget bill, biggest in state history.

Ailing Sen. John P. Schuch (R-Saginaw) slept on a couch in a committee room and was hustled on and off the floor when his party needed his vital vote.

The legislature's last filibuster was conducted by Republicans in 1933 over emergency banking legislation.

PLAN CALLED PHONY
LANSING — (AP) — Senate Republicans passed a legislative reappointment proposal without a vote to spare yesterday, but its chances in the House were considered slim.

Democrats ripped into the proposed constitutional amendment on the Senate floor, charging that it was a "phony" plan which the people would reject at the polls.

Senator Robert A. Haggerty (D-Detroit) declared the plan was a "token reappointment" which did not give populous areas fair representation.

"If you don't do differently here," he said, "the people will take it in their hands and really do it the way it has always been done—by population."

Senator Harold D. Ryan (D-Detroit) said "the people want representation by people, but not by stumps and pine trees."

"Give us at least half a loaf, not just crumbs," he asked.

The measure would increase the Senate's two members and the House 10 members for a 144-man legislature. Wayne county would gain the extra House seats, while Oakland and Washtenaw counties would be divided into single senatorial districts and Macomb would be made a separate district.

Gogebic and Marquette counties would be switched in their senatorial districts.

California Leads In Fruit Growing

BERKELEY—(AP)—Nearly one-third of all cash received by American farmers for fresh fruits and vegetables goes to the California farmers, reports Sydney Hoos, University of California economist.

Almost 3,500,000 tons of fresh fruits, nuts, and vegetables are produced in the state yearly, he notes. About 12 per cent of California's total crop land, and about 20 per cent of its irrigated land, is used for this purpose.

Freighter Still Fast On Gull Island Reef

CHARLEVOIX, Mich.—(AP)—The Canadian freighter Yank Canuck was still aground off Gull Island in northern Lake Michigan today after initial attempts to free her last night.

The wrecking tug Favorite out of Sault Ste. Marie was to resume operations this morning. The coast guard cutter Sundew was standing by.

The 258-foot freighter, owned and skippered by Capt. Frank Manzutti, was enroute from Menominee to Sault Ste. Marie in ballast when she grounded on a shoal early Wednesday.

Milwaukee Road Chief Is Honored

GREEN BAY, Wis. — Nearly 300 businessmen of Green Bay and vicinity gathered in the Beaumont hotel dining room with the Green Bay Traffic club Tuesday noon to wish the Milwaukee Road "Happy Birthday" in its centennial year. It was one of several such celebrations along the railroad, which will complete its first century of operation in November.

But this event also was a personal tribute to Supt. F. T. Buehler, head of the road's Superior division here, and the oldest superintendent, in point of service, on the 11,000-mile system. He will retire Aug. 1, after 18 years as superintendent here, but he assured the audience he will continue to make his home in Green Bay.

He was presented with a lifetime membership in the Association of Commerce by Joseph Horner Jr., association president. Horner also presented a scroll to L. F. Donald, general manager of the Milwaukee road, expressing the high regard of Green Bay businessmen for the railroad's contribution to this community.

Dignitaries attending the premiere included west German President Theodor Heuss, Chancellor Konrad Adenauer and American and British high commissioners John McCloy and Sir Brian Robertson.

The officials sat in a special rear box of the arch-roofed amphitheater. From there they looked over the audience and out upon the open stage backdropded with the Bavarian Alps, dotted with cottages.

The attention of the audience was focussed chiefly upon Anton Presinger, brown-bearded villager innkeeper in the role of Christ,

Passion Play Staged Again In German Village

OBERMERMGAU, Germany—(AP)—The centuries-old passion play was staged today for the first time in 16 years, with a school-girl playing the virgin Mary and an innkeeper cast as Christ.

A capacity audience of 5,200 watched as a cast of 1,500 villagers put on the dazzling spectacle with all its 300-year-old pageantry.

Stalin In The Pink, Says UN Secretary After Moscow Visit

MOSCOW —(AP)—United Nations secretary-general Trygve Lie says Prime Minister Stalin is hale and hearty.

Lie, who talked with Stalin for an hour and a half on Monday, told reporters the Generalissimo "was as healthy and lively as he was in 1946."

"All these rumors about his health are lies and false," Lie said. "Maybe they are wishful thinking on the part of some people."

Lie last talked to the Russian leader when he was in Moscow four years ago.

The U. N. official, who has been conferring with Soviet officials for the past week, leaves Friday for Prague, Paris, London and New York.

"Rented the first day" said Smith

Now gray haired, Lang wore a golden robe. He was accompanied by a gray-robed choir of 50 men and women lined up across the 60-yard wide stage.

Both the men and boys in the cast had gone without haircuts for a year to obtain a biblical appearance with hair falling to their shoulders.

Circus Giant Now Crack Salesman

By HAL BOYLE

NEW YORK—(AP)—The thing that Jack Earle hated most about being a circus giant was having people ask, "how's the weather up there?"

"I figure I was asked that question at least 10,000 times," recalled Earle.

At 44 and still standing eight-foot-six-and-a-half inches, he is happy in his new career as "the world's tallest traveling salesman."

You must remember Jack, probably the most famous and certainly the most talented of a long line of Ringling Brothers circus giants.

"I used to sell my giant's lucky rings for a quarter," he grinned. "I sold thousands upon thousands of them. Every once in a while I still bump into someone who pulls out one of those rings, tarnished with age. I always offer to give them their quarter back if it hasn't brought them good luck."

Acted In Comedies
Jack got his circus job in an odd way. As a child he had wanted to be a motion picture actor. And from the age of 13 to 17 he did appear as a gangling, overgrown kid in some 48 film comedies with Baby Peggy and other stars of the day.

"One day I fell off a truck and went blind for more than four months," he said. "The injury hastened the growth of a pituitary tumor."

Jack's stature shot up weedlike as he was recuperating at his home in El Paso. One afternoon he went with some other boys to see the Ringling Brothers sideshow. He was amazed to find he was taller than "the world's tallest man." So was the circus. It promptly offered the youth a contract.

"I didn't want to be a sideshow freak," Jack said. "But I did want to earn a living. I traveled with the circus for 14 years. And by then all its glamor and color had ended for me."

After a trip to Australia, Earle returned and looked up an old friend who was working with the wine division of Schenley Industries. The company hired Jack to make a three-month good will tour—and he's been with them ever since.

He has graduated in that time from being an oddity to becoming one of the ablest merchandising specialists in the wine business.

He Likes People
"Learning to overcome the physical hardships of traveling—such as having to buy my socks a gross

at a time and sleeping doubled up in train berths—wasn't the chief difficulty," he said. "It was psychological—getting other people to realize that, despite my size, I was just another man trying to earn a normal living in a normal manner."

"But that worked out, too, in time. When I call on dealers now, they know I'm there on business. And my height has even been an advantage. No receptionist ever tells me her boss isn't in."

It is lonely to be a giant in a world of smaller men, but Jack is a pretty well adjusted giant. He likes people.

"When I do hit a low low," he said. "I go to my room, lock my door, and read a book or paint a picture. I have a hell of a lot of fun out of painting. I do nothing but water colors now, and I give them to my friends. A traveling man has no place to keep things."

Jack only met one man taller than himself in his life—Robert Wadlow, the late Alton, Ill., giant. "He stood 8 feet, 9 3/4 inches," Earle said. "I was so flabbergasted when I saw him the only thing I could think to say was, 'how's the weather up there?'"

"He didn't like it either."

SUPER MARKETS

Since the anti-trust lawyers filed their suit to put A&P out of business, three interesting things have happened.

1. Many thousands of our customers have written letters expressing their opposition to this suit.
2. Public opinion polls reveal that most Americans are on our side.
3. Our business has increased. More people are shopping at A&P than ever before.

All these things indicate that our customers have confidence in the policies of fair, honest dealing which have guided this company for the past 90 years.

We want to do everything we can to merit your continued support.

Salesmen Are Getting Orders

Business Outlook Reported Bright

By SAM DAWSON

NEW YORK—(P)—Sales managers in many companies are the fair-haired lads around the conference tables these days. They have placed enough orders to keep their plants going for many weeks or months ahead, in spite of growing competition.

A long list of booming sales orders is reported today in a wide assortment of industries. There is a surprise or two in the lot. And there are some predictions of better sales and therefore more production in the months ahead for a number of other industries.

Outlook Is Bright

Businesses that haven't been doing so well of late join the happy sales parade, for the time being at least—like cotton textile mills and freight car builders. Some that are heading for their usual summer doldrums—as fuel oil, for example—think they'll be busier than ever next fall, and raise prices and set production goals higher.

The booming lumber, steel, rubber and paper industries say they expect good times for quite a while yet.

Enough print cloth and other cotton goods—an estimated 150 million yards—has been sold in recent days in New York's Worth street to keep many cotton textile mills busy for six months.

The largest freight car order to outside builders in 25 years has just been placed by the Pennsylvania railroad. The Equitable Life Assurance Society will pay for the 10,000 cars and rent them to the railroad. The insurance company also is buying 1,300 cars to rent to the Atlantic Coast Line railroad.

Lumber Sales Up

Lumber dealers around the country report their sales top last year by as much as 25 per cent. Little wonder, with starts of new homes running 53 per cent ahead of last year.

The auto and home building booms combine to give the glass industry record sales. Some glass companies have stepped up production. They think the auto and home building seasons will last longer this year than usual.

Steel production this week is expected to hit 1,931,000 tons, a new record—and steel sales managers don't have to extend them-

Wells

C. Y. O. Meets Friday

WELLS—St. Anthony's C. Y. O. will hold a regular meeting Friday evening at the township hall in Wells. The girls serving on the entertainment committee are Bertha Vucon, Marion Beauchamp, and Roberta Gardner.

Carl Cashuette of Marquette spent the weekend at the home of Mr. and Mrs. H. P. Desmond, Wells. Mrs. Desmond is his sister.

Card Club

The Jolly Dozen card club met at the home of Mrs. Eugene LeClair, Bay View. First prize went to Mrs. Ed Goodreau, second to Mrs. Irvin Harbath, and third to Mrs. Ward Crosswell, Jr. Lunch was served by the hostess after the cards.

For Bride-Elect

Miss Beverly Reno was honored Tuesday evening at a bridal shower given by Mrs. Walter Menard, Mrs. Earl Reno, and Mrs. Clarence Robitaille. The party was held at Grenier's hall in Escanaba with seventy guests attending.

Bridge was played with first prize going to Mrs. Belle Menard and second prize to Mrs. Rose Nelson. In five hundred, first prize was awarded to Mrs. Mary Caron and second to Mrs. Anna King. Mrs. Gordon Paulin was awarded first prize in buncos, and Mrs. George King second. Guest award was given to Mrs. Anna

Richter. Lunch was served after the games. Miss Reno was presented with many lovely gifts.

Her marriage to Walter J. Menard of Escanaba will take place June 10 at St. Anthony's in Wells.

Mother's Day Visit

Mother's Day meant a little more to the mothers and grandmothers who live at the Convalescent Home when a group of the Wells Campfire Girl Troop, "Ne Top Pow", went out to spend some time with them on Sunday afternoon. The girls gave a plant to each of the women who are staying there. Two of the leaders of the troop, Mrs. Melvin Jacobson and Mrs. Earl Palmator, accompanied the fifteen girls who made the visit.

Mother's Day Birthday

Another person who enjoyed Mother's Day more than usual was Mrs. Thomas Nelson, Route 1, Gladstone, who had the distinction of having her eighty-fifth birthday fall on May 14. She received many birthday cards and gifts from relatives and friends who wanted to send her their regards on her birthday. She spent the day at home with her family.

Extension PTA Meeting

The Chemical Plant Extension Club and P. T. A. met Monday evening at the school. Election of

officers was to be held, but a proposal was made that the present officers continue to hold office for the year as they have served only since March when the PTA was organized. Present officers are president, Mrs. Dwayne Burak; vice president, Mrs. George McMillie; secretary and treasurer, Mrs. Merrill Carlson. Mrs. Gunard Berglund, of the Escanaba Extension Club, attended the meeting and showed the members how to finish their plastic lampshades. Mrs. Emil Johnson, Escanaba, accompanied Mrs. Berglund. Lunch was served following the meeting by the hostesses, Mrs. Verne Vandeville and Mrs. James Baker.

Mrs. D. F. LeMire
Reviews "Saint Of
A Little Way"

Mrs. Donald F. LeMire reviewed "Saint of a Little Way" by Frances Parkinson Keyes at the first of a series of book review meetings sponsored by the libraries and literature committee of the Escanaba Diocese of Catholic Women held last night at the Bonifas residence.

The books tells the life story of Saint Therese of Lisieux, familiarly known as the "Little Flower."

Mrs. LeMire in her analysis pointed out that the "little way" revealed in the life of St. Therese is not an intricate one, that it is not beyond ordinary skill and strength, that it opens up to human beings everywhere and, with God's help, may be followed.

The opening meeting was well attended.

Dr. Thomas A. McInerney will review "The Cardinal" by Henry Morton Robinson at the second meeting June 21.

Senior Ball At

Observe Armed Forces Day

Guard Company To Have Open House

"Armed Forces Day," designated by proclamation by President Harry S. Truman as a time to honor men in the armed service and those who bore arms in the defense of our country, will be observed in a befitting manner by the Manistique unit of the National Guard Co. D., 107 Engineer C. Bn. next Saturday.

The local guard company will hold open house at the armory and will place on display all of the items of equipment, vehicles and weapons used by the company of combat engineers.

Doors will be opened to the public at 9:30 o'clock in the morning and remain open until 5 p. m. when there will be a flag lowering ceremony with firing squad and bugle to sound retreat.

In the evening there will be a dance at the armory sponsored by the National Guard and the American Legion.

Residents of Manistique are asked to cooperate in the observance of the day by displaying flags wherever possible.

C-C To Launch Member Campaign In Coming Week

The membership drive of the newly formed Top O' Lake Michigan Chamber of Commerce was launched at a meeting of the Membership Committee, Tuesday night, May 16.

The Membership Committee is composed of Alex Creighton, Elmer T. Lundstrom, Ernest Eckland, Leonard Harbick, Hugh Kennedy, Adam Heinz, Walter Nelson, Frank Richards, Frank DeCelle, Wm. Moreau, John Girvin, Mauritz Carlson, Fred Heltman, Alvin Nelson.

Social

Shower

Miss Elise Carlson and Mrs. Edward Mathson were hostesses at a pre-nuptial shower held on Monday evening at the Mathson home on 538 Manistique avenue for Miss Eleanor Carlson. Games were played during the evening with Mrs. Edward Jorgenson and Mrs. Arthur Fountain, Jr., receiving first and low in canasta and Mrs. Howard Carlson and Miss Nora McDonough, first and low in buncos. Miss Stella Stoor received the special award. Tasty refreshments were served later from a table decorated in a green and yellow color scheme and centered with a miniature bride doll placed under an arbor. Miss Carlson, who will become the bride of Robert Brouillette of Iron Mountain on June 3, received many lovely gifts.

Hospital Dedication Program Is Announced

Congressman Charles E. Potter will deliver the principle address at exercises dedicating the Schoolcraft Memorial hospital on Sunday, May 28, according to announcement Wednesday by A. J. Cayia, chairman of the board of trustees.

Dedication will mark the practical completion of this beautiful and strictly modern publicly owned institution made possible through a bond issue subscribed by the voters of the county, a federal grant and popular subscription by county residents.

Ready for Use June 1

The Hospital will be ready for reception of patients by June 1. The institution will be dedicated as a memorial hospital, revering the memory of those who served in the wars of this country, and ex-servicemen organizations have been invited to participate in the service.

Program Announced

The exercises, which will begin at 2 o'clock, will be under the direction of Program Chairman Otmer Schuster.

Following is the program:

Selection—Manistique band.

Invocation—Rev. Paul Sobel.

The story of the Schoolcraft Memorial Hospital—A. J. Cayia, Chairman Board of Trustees.

Introducing: Director of the Office of Hospital Survey and Construction—Hugh McGoldrick.

Architect—St. Clair Pardee.

Contractor—A. H. Proksch.

Introducing of heads of Veterans organizations participating:

American Legion.

Veterans of Foreign Wars.

Disabled American Veterans.

V.F.W. Gernfask.

Garden American Legion.

Michigan National Guard.

Address—Rep. Charles E. Potter.

Invitation to the public to inspect hospital at the close of the ceremonies.

Community singing of Star Spangled Banner led by Earl Cousineau, accompanied by Manistique Band.

City Briefs

Miss Joan MacGregor left Wednesday for Chicago where she plans to enroll in a school.

Those from Manistique who attended the convention of the Cleveland Association of Women's Catholic Order of Foresters in Iron Mountain on Tuesday were: Mesdames William Barker, Harold McNamara, George Tiegals, Norman Martin, Francis Wedegartner, John Weber, Frank Paquette, Joe Vassau, Arthur Rousseau, John Barr and Eugene Johnston.

Jack Coffey has returned to Detroit after attending funeral services here for his grandfather, Alex Cota.

Mr. and Mrs. Walter Nessman of Milwaukee, are spending this week visiting relatives and friends, before leaving for Clearwater, Florida to make their home.

Mrs. Carl Anderson and son of Milwaukee are spending this week visiting relatives and friends.

Housework Easy Without Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Dean's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Dean's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Dean's Pills today!

Briefly Told

Ladies' Aid—The Zion Lutheran Ladies' Aid will hold a rummage sale on Friday beginning at 9:30 a. m. at the Ford garage.

Rebekah Lodge—Agnes Rebekah Lodge, No. 159, will meet this evening at 8 in the V. F. W. hall. All members are requested to be present as plans will be made for the district meeting to be held here on June 8.

Bake Sale—The King's Daughters society of the Bethel Baptist church will hold a bake sale on Friday at 1 p. m. at Severs and Brolin store. Have donations in early.

Baseball Practice—Members of the Cardinal baseball team are asked to report for practice Thursday and Friday evenings at 6:15. This is very important.

Card of Thanks

We wish to thank everyone who was so kind to us during our recent bereavement, the death of our father, Alex Cota.

Pays Fine After Crash Into Local Resident's Car

Ray Ackerman of Iron Mountain pleaded guilty in justice court Wednesday morning to a charge of failure to stop and failure to report a property damage accident. Judge Victor Deemer, who heard the case, fined the defendant \$15 and assessed costs of \$3.75 which were both paid.

Ackerman was arrested in Escanaba Saturday after his car had crashed into another belonging to Clyde Tank of Manistique. He made arrangements to appear when wanted and time for his appearance was set for Wednesday. Liability insurance will care for the damage done.

Kryhoski Gets Self Reprieve

Slams Homer To Aid 6-3 Tiger Win

DETROIT—(AP)—Dick Kryhoski became low man on the Detroit Tiger batting pole yesterday and slammed an inside-the-park home run to set the tempo for Detroit's 6-3 win over Boston.

When he blasted one of Ellis Kinder's fast ones off the right centerfield fence at the 370 foot mark, it marked Kryhoski's first hit in 23 times at bat at Briggs stadium.

Dick Kryhoski, Kryhoski's homer—his third of the season—played a big part in aiding Teddy Gray to hang up his second victory over the Red Sox this season. The victory put the Tigers into a mathematical tie with New York for first place.

Freddy Hutchinson (2-1) or Virgil Trucks (3-1) was due to work against Boston's Maurice McDermott (3-1) in the series windup today.

Couldn't Drop Dropt
Gray stilled all the Hub big guns except Walt Dropt, who powered a pair of homers to drive in all three Boston runs.

All six Tiger runs came on extra base hits.

Vic Wertz slashed a two-run double in the third inning after Gerry Priddy had singled and George Kell walked.

Detroit bagged two more runs in the fourth as Catcher Aaron Robinson walked and Kryhoski homered off the wall.

The Rolfemen made it a 6-1 game in the seventh. Kell tripled after Gerry Priddy had reached first base on a fielder's choice.

Kell scored on a wild pitch by relief pitcher Walt Masterson.

A final desperate Red Sox rally in the ninth netted them two runs as Stephens walked to set the stage for Dropt's second homer of the day.

But Gray bore down then to protect his 6-3 decision.

JEEP TRANSPORTATION

CLEVELAND—(AP)—When one pitcher was driven out of last night's Cleveland-Philadelphia baseball game here, another was driven in — by jeep. The ride replaced the long, slow walk by relief hurlers from the bullpen beyond the outfield fences because General Manager Hank Greenberg of the Tribe wants to speed up games.

Eskymo Track Team Ready For Regional

It's back to Menominee again Saturday for the Escanaba high school track team.

Nosed out by the Maroons in a dual meet last week, the Eskymos will compete in the regional at Walton Blesch field Saturday against Menominee, Iron Mountain, Kingsford and Stephenson.

Coaches Steve Baltic and Henry Wylie have chosen the following 24-man squad:

100 yard dash—Hay, MacRae and Clairmont.

120 yard high hurdles—Nelson, Shomin and Smith.

220 yard dash—Hay, Anderson, McCarthy and MacRae.

180 yard low hurdles—Shomin, Nelson and Smith.

440 yard dash—Luecke, Desmond and Zerbel or Fallmer.

1 mile run—Laskoski, Larson, Gasman and Corcoran.

880 yard run—Nault, Kvam and Fisher.

Shot put—Shomin, Farrell, Franks and Bartley.

High jump—Franks, Nelson and Shomin.

Broad jump—Nault, Prokos, Nelson and Anderson.

Pole Vault—Anderson and John Prokos.

Medley relay—Cota, McCarthy, Clairmont and Zerbel or Fallmer.

880 yard relay—Anderson, MacRae, Cota and Hay.

Two-Way Fight For Preakness

BALTIMORE—(AP)—The Preakness looks from most corners today like just another round between Middleground and Hill Prince in their "he's down, he's up" battle for the 1950 championship among three-year-old horses.

So far, the two colts stand at the head of the pack with little to choose between them. Saturday's race may not prove much more.

Middleground and Hill Prince have taken turns beating each other in three races. Hill Prince took the Wood memorial, Middleground won the Kentucky derby. Hill Prince bounced back in the Withers last Saturday.

It should be Middleground's turn. Of course, if Mr. Trouble or one of the other three probable entries runs off with the Preakness the whole thing will be chaotic. And Mr. Trouble seems to be just the colt to do it.

The C. V. Whitney color bearer came in third in the Derby and everyone is of the opinion it was not his best race.

FOUL PLAY!

COLUMBUS, O.—(AP)—Scores of the top 10 leaders in the various divisions of the American Bowling Congress tournament withstood all attacks in yesterday's rolling. Last night an electrical and rain storm played tricks with the lighting. The lights were dimmed and 36 red foul lights blinked at the 180 bowlers in the alleys.

and Mrs. W. H. LaBrot's Balkan are two other horses sure to be dropped in the entry box Friday.

Sylvester LaBrot hasn't made up his mind about Arcave but trainer Jimmy Rowan seems to feel the colt should at least take a crack at fourth money.

Escanaba Bears Set For Opener

Stique To Open Against Groos

Fr. Louis Cappel, manager of the Escanaba Bears, has a complaint to make.

He's afraid his baseball players are going to wear themselves out practicing.

The boys are battling for all positions and even scheduling informal practice sessions themselves to get in shape for the opening games of the Rainbow season Sunday at Gladstone.

Coach Johnny Schwalbach said he wouldn't know his opening lineup until Sunday but expects either Jack Beck or Joe Rademacher will do the pitching and Pinky Bunnell or Ronnie Sedenquist the catching.

Bucky Buckingham, former Michigan State college player, probably will get first call at first base while Ray Berndt and Jack Aiken are battling it out for second base.

Bobby Kolb has the edge at short and Tippy LeGault or Wally Flath probably will start at third.

Leading candidates for the outfield at present are Bob Dufour, Jim Buelow, Lyle LeCaptain, Jack Adams and Marenger.

There will be practice tonight at 6:30 at the city diamond.

Bizeau, Dementer Head Gladstone Baseball Club

GLADSTONE — Bobby Bizeau has been named playing manager of the Gladstone Redskins of the Rainbow league.

Pete Dementer, another player, has been named captain.

Spilling The Dope

By Charlie Larson

Cleaning out the note basket. Jack Schils scored a "double" for Northern Michigan college in track last weekend... against Soo Tech, the former Escanaba high school athlete, won the mile in 5:14.8 and the two mile in 12:04.6. Tuesday Dick Bye, NMCE junior from the Soo, broke his own school shot put record with a heave of 44 feet 7 inches... his previous record was set only last Saturday... that was 43 feet 6 inches. Taffy Abel of the Soo is being boomed to become coach of the Chicago Blackhawks, a team with which he starred several years... Coach Charlie Conacher was ousted recently.

University of Michigan's baseball team may be tops in the Big Ten. But it takes an unmerciful shellacking in its own state. The Wolves have been beaten twice by the Spartans of Michigan State. And Tuesday, they were "taken" by Western State of Kalamazoo. Western State, incidentally, has found Michigan comparatively "easy pickings" in baseball (and basketball) in recent years.

Jimmy Crumme, an old friend of ours, gets "written up" as coach of the week in a Milwaukee paper... Jimmy, former Iron Mountain high school and Wisconsin university distance runner, now is athletic director of Whitewater high school in Wisconsin... he coached at Iron River and Hancock before going to Whitewater... besides his school duties at Whitewater, Jim operates Crumme's Cabins on highway 12 in the summer.

Speaking of athletic directors, Bill Hunter, who has held that job at the University of Southern California 25 years, gives this as his formula for success in his business:

"A great athletic director is one who can give the definite impression, when he is being chased out of the stadium by the alumni, that he is leading them on to bigger and better things."

Newcombe Trips Cards; There's Joy In Flatbush

(By The Associated Press)

Pennant hopes of the Brooklyn Dodgers are brighter today. Big Don Newcombe is back on the beam. Newcombe again looks like the pitcher the experts said would be a cinch to win 20 games. The husky Negro righthander stirred the hearts of Flatbush last night as he pitched the Dodgers to a 6-2 five-hit victory over the Cardinals.

Newcombe, who complained of a sore arm as he was batted from

pillar to post in his three previous starts, showed no trace of the ailment as he went the distance for the first time this season.

He not only choked off the Cards on five hits but also fanned eight and climaxed a game winning four-run eighth inning rally with a two-run single.

The losing pitcher was chunky Max Lanier who had won eight straight victories over Brooklyn.

The triumph enabled the Dodgers to remain within a game of the league-leading Philadelphia Phils. The Phils edged the Cincinnati Reds, 5-4, in a night game at Philadelphia. Willie Jones singled home Ed Waitkus, who had tripled, with the winning run in the last of the ninth.

The Pittsburgh Pirates turned back the Braves, 4-1, in another night game in Boston. The Pirates snapped a 1-1 tie and drove Vern Bickford out with a three run attack in the sixth inning. Sheldon Jones pitched the New York Giants to a 4-1 triumph over the Chicago Cubs in the National's only day game. He was helped by an inside the park home run in the first inning by Bob Thomson with one on.

The New York Yankees outlasted the St. Louis Browns, 11-9, but fell into a first place American league tie with the Detroit Tigers. The Tigers knocked off the Boston Red Sox, 6-3. Entering the ninth squared at 8-8, the Yanks shoved three runs home to win on three singles, two walks and a hit batsman.

Ray Scarborough, ace Washington righthander, pitched the Senators to a 2-0 decision over the Chicago White Sox. Scarborough yielded six hits while the Senators collected only three off Bob Kuzava but the Senators made the most of seven walks.

The Philadelphia Athletics scored three runs in the ninth inning to down the Indians, 7 to 5, in a night game in Cleveland.

Sports Roundup

By HUGH FULLERTON, Jr.

NEW YORK—(P)—Murray Goodman, International Boxing club tub-thumper, paused long enough in his task of interviewing fighters to report the quickest substitution on record... seems that Murray and Matchmaker Al Weill were in Stillman's gym when they got word that "Tito" Portuque was injured. They needed someone to fight Tiberio Muri in the Garden tomorrow... seeing a husky looking lad on his way out, Goodman asked: "What's the matter with Dick Wagner?"... Weill shouted "nothing" and they signed Dick before he could reach the door... Wagner, who just happened to be present, added: "I needed the fight. I just got back from my honeymoon a couple of weeks ago and I want to take my wife out to Washington. The Indians always have a big pow wow out there in July and I never miss it." "You're not Indian, are you?" Goodman asked. "Yes," granted Dick, "Part Sioux." "The only Sioux I know," interposed a boxing writer, "is the Bronx zoo."... That broke up the interview.

ANOTHER COINCIDENCE

The next interviewee was a rugged looking little guy named "Georgie Small, who rather proudly reported that he once was known as the worst kid in Brownsville—even tougher than Bummy Davis... Georgie told about toffing the carnival circuit with a strong man known as the Mighty Atom... "I learned some of his tricks," Small explained. "I could drive a nail through a two-inch plank with my hand. There ain't no trick to it, you just get your hand hardened... but the Atom could go thine's like stopping an auto noble by pushing, and biting chains in half with his teeth."

CLEANING THE CUFF

Johnny Michelosen of the Pittsburgh Steelers, only major league pro football coach who sticks to the single wing formation, is wondering what he'll do for material now that Pitt and Penn State have switched to the "T"... Cryptic query from Casey Stengel: "Do you suppose Dick Wakefield could play first base?"

Clean Up City Next Monday

Street To Be Washed, Building Painted

As a spur to local residents to participate in the annual Clean-up, Paint-up campaign, several special events have been arranged for next Tuesday, it is announced by Mike Goodman, chairman of the committee in charge. At 3 o'clock Monday afternoon, a fire truck with pumper will be out to wash down the main street and merchants are being asked to wash and clean the fronts of their business establishments.

Then, following the main street activity, the Lions club will again paint a building, this time the kindergarten at the corner of Tenth and Dakota.

Teams will attempt to better the time set on another school building last year. The Chamber of Commerce and Lions club are cooperating in sponsoring the event.

Brownie Troop Entertains At Mother Day Tea

Brownie Troop 13, under the leadership of Mrs. George Wilbee and Mrs. B. H. Skellenger, entertained their mothers at a tea on Tuesday afternoon after school at the Recreation building. A short program was held followed by the serving of a delicious luncheon. The tea table was laid with a green table cloth and the cups, plates, napkins and candles were in pastel shades of pink, blue and yellow. Fresh flowers and Kleenex paper flowers marked the mother's places at the table. A plant centered the table.

The program: Song, "Mother"—Cora Sue Pepin and Cynthia Ridings. Recitation, "Mother"—Ann Wilbee.

Piano solo, "Wigwag"—Dawn Kinnie. Barbara Hale and Gale Hawthorn poured.

Play Day Planned By Brownie Troops

Brownies will have a Play Day Saturday at the Marble Athletic Field. It was announced yesterday. All Brownie troops of the city will participate.

Small Business On Downgrade

Little Units Are Becoming Fewer

By CLARKE BEACH

WASHINGTON—(AP)—If your business is a small one your government is mighty worried about you.

You're the backbone of the nation, the hope of democracy, the vanishing American. Your problems probably have been the subject of more investigations, studies, committee hearings and reports than those of anybody else in the nation. Somebody once figured that between 1933 and 1944 congress passed more than 570 bills and resolutions dealing with some aspects of the problems of small business.

The commerce department now ranks nine-tenths of all business as "small."

The crusade on behalf of small business got another shot in the arm early this month when the president sent a message to Capitol Hill asking for new legislation for the small business man—to make it easier for him to borrow money.

This is the 1950 "solution" to the small-business problem.

The 1890 "solution" was the Sherman anti-trust act, the law which tried to prevent big business from growing too big and absorbing all the little businesses. Congress went to work again and again trying to tighten up its anti-trust legislation. This effort still rates about No. 2 among the popular "solutions."

During the war congress tried in all ways to keep small business alive and enable it to share in the war effort. Many laws and directives provided that small firms get their share of scarce materials, of government contracts, of capital. The armed forces are still directed to give small enterprises a fair share of their orders.

The number of small businesses dropped alarmingly in the depression. After the war they picked up when veterans, with full pockets, got into businesses of their own. Now the total number is on the downgrade again. That's what's worrying the president and congress.

Schaffer

Doctor Swims To Operation

ADELAIDE, Australia—(AP)—Dr. C. A. Moody was competing in a sailing race recently when he saw a Union Jack flying half-mast from his club shed flag-pole.

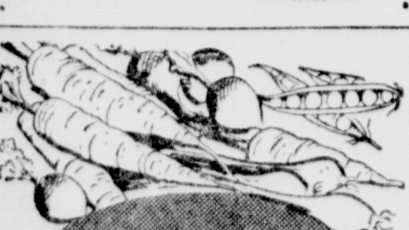

This meant he was wanted ashore in a hurry. He dived overboard, swam to the shed, performed an emergency operation in a nearby hospital, returned to his yacht in a rowboat, and finished third in the race.

Compromise Sought By Gov. Williams On Straits Bridge Bill

LANSING — (AP) — Governor Williams sought a compromise Tuesday in the legislative controversy over the feasibility of a Mackinac Straits bridge.

Williams offered to support the Knox-Hutchinson Bill (HB24) as a basis for the compromise "so that we can get something started." House and Senate committees agreed to consider the proposal and a majority seemed to favor it.

Measure Modified

Rep. Edward Hutchinson (R-Fennville), introducer of the bill, said he planned to modify it substantially, removing details covering the issuance of bridge bonds and authority for the proposed bridge commission to build the crossing upon a concurrent resolution of the legislature at some future session.

The Hutchinson measure, reportedly sponsored by speaker Victor A. Knox (R-Sault Ste. Marie), would create a commission and a board of three engineering consultants to be selected by the dean of the University of Michigan School of Engineering to determine the feasibility of a bridge.

Senator William C. Vandenberg (R-Holland), who has blocked the administration's bridge authority bill in the Senate, held out for his personal plan but said he would talk further with Hutchinson. Vandenberg wants the University school of Engineering to review past bridge studies before any more are made.

Williams objected that "we don't want a 1940 model bridge but a 1951 model." The last bridge commission made its report in 1940.

Not Going Forward

The governor said that W. S. Woodfill of Mackinac Island, chairman of the Citizens Bridge committee, opposed Vandenberg's plan because "it is not going forward but looking backward."

"Is Woodfill to direct this legislature or are we to come to our own conclusions?" Vandenberg asked.

"Mr. Woodfill represents the citizens committee," Williams replied.

"Well, I represent the taxpayers," Vandenberg snapped.

Hutchinson objected to treating the bridge issue as an "emergency," asserting that "this will take one or two years to complete the studies. I find there was no final report by the previous commission. There must be actual engineering pioneering done before we have all the facts. Every engineer says the bridge can be built—at a price. We must find out whether it's economically feasible."

Senator William A. Ellsworth (R-St. Ignace) said he would support the Hutchinson bill, urging an appropriation from the highway fund for a survey "rather than just a study of past studies."

In Siberia late spring frosts are termed the "icy saints' days," according to the Encyclopedia Britannica.
